OFFICE FURNITURE AND MODULAR EQUIPMENT

Director Line

The newest concept in office desk design makes it possible to create the appearance most suited to your taste.

From company-wide needs of the nation's largest businesses, to the requirements of the smallest office, Art Metal can supply office furniture, modular equipment, and business systems to meet every problem, every need.

For more than 70 years, Art Metal engineers and planners have carefully studied and met the requirements of business. As a result, through one source — Art Metal — the most complete line of office equipment is available.

Today, Art Metal manufactures over 200 types of office furniture . . . visible systems and equipment for record keeping and administrative control . . . vertical filing and indexing systems.

A complete Office Planning Service which provides scientifically planned office layouts and equipment recommendations is at your disposal. These facilities are available through all branch offices or dealers in the nation-wide Art Metal organization.

ART METAL DESKS . . . DRAWER ACCESSORIES

DIRECTOR LINE DESKS

Front and rear views of executive style with large fan top, overhang at back and both ends. Special Panlam "character" plastic applied to desk back.

Desks are job-fitted to every work station.

Art Metal desks are built for efficiency, styled for leadership. Their functional design and organization for individual job requirements step up office work output and reduce costs wherever they are installed.

Within the three distinct desk series — Director Line, Pace-Setter, and Mainliner — there are styles for every office requirement and location. All desks have drawer equipment which serves most general purposes. For more refined and specialized use, Art Metal offers a complete line of drawer accessories, making it possible to design each desk to individual job requirements.

Desk versatility is increased through the use of functional Credenza units. This completely flexible, smartly styled line permits use as individual bases or group combinations to provide additional filing storage space adjacent to the desk.

PACE-SETTER DESKS . . . EXECUTIVE, GENERAL OFFICE, AND SECRETARIAL STYLES

The Pace-Setter series is a complete line of Executive and General Office Desks and Tables. The 78" executive style is shown. Other flat top sizes range from 40" to 72" wide — tables from 36" to 120" wide.

Pace-Setter Desks include 50", 55" and 60" secretarial styles with Fold-O-Way and elevator-type platforms for typewriters. Also available are clerical-type desks with fixed machine platforms in 45", 55" and 60" widths.

MAINLINER DESKS

Art Metal Mainliner Desks include flat top and secretarial styles as well as fixed platform types. Optional drawer accessories permit planned desks to fit specialized requirements.

CREDENZA UNITS

Credenza Units may be assembled in lengths up to 91 1/2" or used individually. Basic units consist of two-drawer files, open and closed storage units and cupboards.

ART METAL MODULARS... the permanent answer Ar to changing office requirements

Modulars, by providing a wide range of prefabricated elements, give complete freedom for designing offices that fit today's requirements perfectly. They fit together in compact combinations that permit 30% or more in floor space savings. In areas where job functions require

extreme concentration, Modulars help reduce distractions. Modulars are easily arranged to smooth traffic and work flow, and make productive, attractive places to work.

BASIC MODULAR ELEMENTS

MODULAR TOPS

Provide the easily reachable work top area that ends cluttered desks and increases office production.

DESK PEDESTALS

In two depths, 18" and 30", and in letter, cap, or typewriter pedestal widths. Complete range of drawer accessories.

FILE PEDESTALS

Select from over 25 styles in three depths to get that extra file or storage space that makes a work station complete.

MODULAR PARTITIONS

Free-standing partitions in 44 sizes and a variety of panel inserts designed to fit within 1 1/2" or less virtually any dimension over 13 1/2".

ALUMINUM OFFICE CHAIRS

These smart looking, quality-built chairs mark a new high in office chair design and construction. They have greater strength and durability to take the punishing wear of a busy office. Chair styles include executive type, both swivel and arm, clerical and secretarial posture styles, and general office chairs.

WIDeseCTIONS

The great adaptability and flexibility of these horizontal sections permit almost limitless combinations to meet any filing requirement. The illustration shows how units of varying sizes and purposes can be combined into one compact unit.

ART METAL FILES FOR EVERY OFFICE NEED . . . EVERY OFFICE RECORD

File models range from Director Files (at left) through Insulated Files, Speed-Files, space-saving Multi-Files and Open File Shelving. Outstanding engineering and construction features provide the strength and durability, plus the ease and economy of operation responsible for Art Metal's leadership in office equipment manufacture. Unique suspensions permit drawer extension BEYOND cabinet front making drawer space 100% usable.

ART METAL PLANFILES

Ideal for preserving valuable plans and drawings. They provide a fast, simple means of filing and locating drawings while protecting against fire, water, and dust damage. Available in four sizes for drawings up to 56" wide.

EXECUTIVE BOOKCASES . . . STORAGE AND WARDROBE CABINETS

Art Metal Executive Bookcases provide ample room for books, binders, notebooks, and other records which do not fit into ordinary 10" depth units. Sectional feature permits you to start with one section plus a top and base . . . add extra sections as needed.

For storing and protecting office supplies, Art Metal Storage Cabinets are equipped with four adjustable shelves. If desired, unit can be converted to a Wardrobe Cabinet by substituting a hat shelf and coat hanger rod.
